

As we enter Spring boating season, please exercise extreme caution while engaged in boating activities on the Rappahannock River and tributaries, upriver of the Downing Bridge, up to Carter's Wharf. Large debris from the February 24th tornado continues to exit the marshes and mouths of Mount Landing Creek and Cat Point Creek during the outgoing tides and may be very dangerous to boaters. If a hazardous piece of flotsam is identified, please notify (804) 313-9102, x101. Consider Safety First before attempting to remove any debris on your own.

BE SAFE ON THE WATERWAYS.
